

Champion Carbide Tipped Hole Cutters

Champion Rotobrut[®] CT7 Carbide Tipped Hole Saws are the new "Contractor's Helper". Cutting quick, accurate holes in pipe or drilling through thick steel is no longer a problem with the triple edge cutting power of the CT7 hole saw. Ideal for cutting holes in steel plate, iron, aluminum, copper, cast iron and stainless steel up to 1" thick. Drills holes from 5/8" to 2" diameter.

ADVANTAGES

- Effective-many more holes produced than bi-metal hole saws and step drills.
- Efficient- drills holes in 1/3 the time of alternative tools.
- Cuts faster and cleaner, without burs in stainless steel.
- Built-in ejector spring and pilot drill provide quick, smooth discharge of metal slugs for greater productivity.
- Less cutter resistance for up to 3 times longer drilling per battery charge.
- 3 flatted shank for faster loading and better concentricity.
- One-piece construction- no assembly required.
