

Powers Wedge-Bit Carbide Drill Bits

For proper performance, Powers® Wedge-Bolt® anchors must be installed with a Wedge-Bit®. The Wedge-Bit® has a special matched tolerance range to provide optimum performance for the anchor. The Wedge-Bit® is available in SDS-Plus, Straight Shank, Spline and SDS-Max.

Please go to our Anchor section for a full selection of the Powers® Wedge-Bolt® in zinc plated carbon steel and 410 stainless steel.
