

SDS-Plus Wedge Bit

For proper performance, the Wedge-Bolt® anchors must be installed with a Wedge-Bit®. The Wedge-Bit has a special matched tolerance range to provide optimum performance for the anchor. Please go to our Anchor section for a full selection of the Wedge-Bolt® in zinc plated carbon steel and 410 stainless steel.

Also available are:

- Straight Shank Wedge Bit®;
- Spline Wedge Bit®;
- SDS-Max Wedge Bit®;

SDS-Plus Wedge Bit
